

Homewood® Blend of Colors

Homewood® is Homeland® Vinyl's exclusive blend of colors that can redefine a simple backyard into a beautiful oasis. Homewood offers a vast pallet of pleasing colors with random variegated patterns, inspired by nature and engineered by Homeland. This exclusive blend more closely emulates the natural look and feel of wood and will complement any building exterior. Homewood will keep a freshly painted appearance for years, without the exhausting upkeep and usual limitations of ordinary wood,

Homewood is available in many Homeland Fence, Deck, and Rail profiles. Mix and match from our Homewood collection to bring a unique style and taste to any backyard paradise.

The Homewood Blend is richer in color with a natural look!

The Toughest Protection

Under The Sun!

50 Years In the Making!

Homeland Vinyl Products is the North American Leader in PVC Fence, Deck, and Rail. We take great pride in the products offered and our wide selection of colors, which is a better choice than wood or composites.

Homeland manufactures the toughest PVC profiles with the most advanced UV protection under the sun - our ACCU-Shield® formulation.

ACCU-Shield® is a protective outer layer engineered to significantly reduce oxidation and the damaging effects of the sun's ultraviolet rays. Even in harsh and changing climates, ACCU-Shield® protects the color

and sheen of our products for a longer period.

Homeland not only provides the highest quality PVC fence, deck, and rail products you can buy, but also confidently backs our products with a limited Lifetime Warranty.

Homeland Vinyl has over a half-century of experience in PVC manufacturing, a proven quality control program, and a strong warranty.

Homeland stands by our American-Made products and strives to provide the best performance and protection for your investment.

Homeland's solid reputation and dedication to quality products is what you should demand.
