CLEAR VINYL ADHESIVE

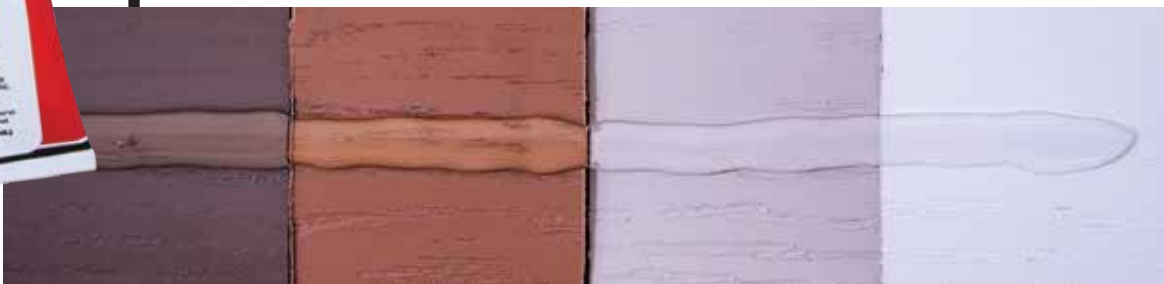

Always right on the mark!®

Introducing Clear Vinyl Adhesive

Red Hot Clear Vinyl is a versatile, high-performance adhesive that can be used on all types and colors of PVC fence, deck and railing for installation and repairs.

It has been carefully formulated to resist UV-degradation and to retain a clean, clear appearance year-after-year. It applies clear and dries to a transparent and waterproof bond. It will not yellow or go brittle with age or sunlight. The bond is flexible. It is not affected by weather and temperature extremes, and is highly resistant to oil, fuel, grease, and many other chemicals.

WHITE VINYL ADHESIVE

Waymark also offers white vinyl adhesive with the same outstanding performance and will not discolor, yellow or crack with exposure to the sun. It is ideal for installation with white vinyl.
