SOLAR LIGHTING

Always right on the mark!®

With Waypoint® solar lighting, you get a clean, stylish appearance and a level of innovation you simply can't find anywhere else.

- Energy-efficient
 - No external wiring
 - Four-inch and five-inch available
 - Easy to install.
 - High efficiency solar circuitry for longer illumination
 - Dual-LED bulbs provide greater illumination and a stronger accent.
- Angled reflector directs more light through our exclusive beveled-glass.
 - Dual rechargeable batteries boost energy storage capacity
 - Battery replacement is simple—no need to remove the lights from the posts
 - Modular - Easy to replace parts
