

This unique fencing system manufactured by Homeland Vinyl Products uses a new H-post design and is engineered for installation without routing. Gorilla Fence profiles can be installed in concrete or sleeved over 1-7/8" galvanized pipe. Homeland's limited lifetime warranty and is protected by our ACCU-Shield® formulation. You can feel confident you are getting a proven product to stand up against the elements.

## STRONG FENCE Gorilla Fence

This unique fencing system is manufactured by Homeland Vinyl Products specifically for harsh northern climates. The H-post design is precision engineered for strength, beauty, and design flexibility. The non-routed design makes installation easier in almost any weather.

**Not all Vinyl Is Created Equal!**

Homeland® manufactures the toughest PVC profiles with the most advanced UV protection under the sun, our ACCU-Shield® formulation.

ACCU-Shield is our protective outer layer engineered to significantly reduce oxidation and the damaging effects of the sun's ultraviolet rays. Even in harsh climates, ACCU-Shield protects the color and sheen of our products for a longer period of time. Simply put, there is no better protection under the sun than ACCU-Shield.

**Uncompromising quality.  
Innovative engineering.  
Enduring craftsmanship.**

These qualities are what make Homeland® profiles exceptional. With any Homeland profile you choose, you can be confident your choice will create a distinctive design signature, and will provide you with many years of low-maintenance, worry-free enjoyment. With decades of experience in vinyl and a rigorous quality control program, you can be assured that Homeland Vinyl Products is committed to providing the very best vinyl products the industry has to offer. With vinyl products from Homeland, you get the quality you expect, and options you could only imagine.
